Application

1

CUT YOUR NATURAL NAILS:

Before applying your press on nails, make sure your natural nails are neatly cut short so that they will not stick out under your press on nails.

2

GENTLY PUSH YOUR CUTICLES:

Using a wooden stick to push back your cuticle and file to remove dead skin.

3

FILE YOUR NATURAL NAILS:

Using the nail file to gently file your natural nail to remove shine. This will help it to stick longer but do not over file it will damage your nails.

4

WIPE YOUR NAILS WITH ALCOHOL PAD:

Using the alcohol pad to wipe your nail to remove dust after filing and dehydrate your nail for better when you apply press on nails.

5

FIT AND APPLY NAILS:

Fit your nails first to make sure the press on nails are fitted to your nail before apply glue or sticky tabs. You should file down both size if it's over your nail sidewall but make sure to file the underneath to prevent scratching the top. Apply glue or sticky tabs from pinky to thumb then press 20s each and avoid water for 2-3 hours.

After Care

To help keep your nails shine and last longer you should wear gloves when you're working on things that contact with water.

Try to avoid putting your hand in water for a long period of time because it will affect the glue or sticky tabs.

If using tabs you should only use it on special occasions and for a day wear, tabs won't last long as you using glue.

Removals

To remove, soak your fingers in warm soapy water for 15 minute and gently pull it out or apply cuticle oil to the areas just under press on nails and let it soak for few minute then try to rock the nails to see if they are loose enough to pull out. Soaking your fingers in nails polish removal will also strip the nails off.

Client Testimonies

I broke a nail a day before my wedding and freaked out! My friend recommended Vee Press, and OMG, what a lifesaver! The nails looked so elegant and real, and no one could tell the difference. Every bride needs a backup set of these!

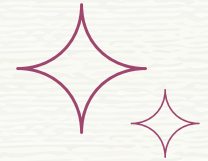

As a mom, I barely have time for self-care, but these nails make me feel put together in minutes. They are classy, strong, and stay on beautifully. I love how I can change my look anytime without spending hours at a salon!
